2003

**Management Team:**

Craig Jenkins-Sutton, Founder and President  
Sara Jenkins-Sutton, Co-Owner and Vice President

**Number of Employees:**

25

**Services:**

**Design & Install Services** – Topiarius understands form and function in gardening and landscaping, and blending what looks stunning with what is comfortable. Combining inspiration with practicality and merging style with affordability, Topiarius turns outdoor spaces into a true extension of the home providing both full designs and installations.

**Fine Gardening Service (Landscape Maintenance)** – Topiarius' fine gardening service focuses on the health and appearance of properties, based on the best practices in the green industry. Their regularly scheduled visits address a variety of needs from weeding, pruning, fertilization and turf maintenance to irrigation.

**Seasonal Rotations** -In Chicagoland, the four seasons are very different from one another. Topiarius celebrates each one with seasonally-unique annual plants and designs. The company services both homeowners and commercial properties, whether it's for just one container or for many, on a roof deck high in the sky or in a sweeping landscape bed.

# TOPIARIUS

**Custom Containers & Hardscape Construction** - One of Topiarius' specialties is the construction of custom containers and hardscape elements that fit into garden design, from planter containers and outdoor kitchens to pergolas and showers. Their custom creations will make your space distinctive and original.

**Urban Farming** – Topiarius can transform spaces such as a balcony or roof deck, a small backyard or any other type of vertical and horizontal space into attractive and functional gardens that will meet any production goals, from adding herbs to flower beds to growing food for restaurants.

**Interior Floral Design** – Topiarius takes care of interior floral and plant needs, whether it is a one-time installation or regularly scheduled visits. From selecting the right container to showcasing a variety of plants, Topiarius is a one-stop shop to address any horticulture needs for the home, building or property. Topiarius also provide regularly scheduled floral arrangements and interior plant rotations.
